Two Pharmacy

Meet the dynamic squad from Two Pharmacy, a team that's not just about prescriptions but also about charity and puck precision at the Kimmett Cup! Led by Captain Reid Kimmett, this crew of staff, family, and friends are ready to hit the ice with both skill (depending on who you are talking about) and spirit.

Logan Enders adds a dash of agility to the lineup, making moves that would make even the toughest defenders dizzy. Father-and-son duo Murray and Zavier Crawford bring a touch of family camaraderie and teamwork. Siblings Max and Ella Kruger showcase a unique synergy, translating their sibling banter into on-ice telepathy that keeps opponents guessing.

Enter Alexie Millar, the team's secret weapon with a knack for scoring that rivals her talent for giving facials and peels at the pharmacy. And rounding out the crew is the Makkreel trio - Parker, Noah, and Brynn - whose sibling dynamics promise a mix of strategic plays and lighthearted (hopefully) banter.

Two Pharmacy isn't just aiming for a win; they're here to inject a dose of fun into the Kimmett Cup, proving that teamwork makes the dream work on and off the ice!

Big Chill

Introducing a first-time entrant to the Kimmett Cup - the Big Chill.

We are a family team, that started out originally just with "the gals". The "gals" have played in the World Pond Hockey Tournament in big ol' Plaster Rock, New Brunswick (population 1,100) for a number of years. But since we now all hail from the west, we decided to look for a venue closer to home.

The Kimmett Cup looks like the perfect match - fun, supporting worthwhile causes, an opportunity to meet some great people and get us out playing Canada's favourite winter pastime.

And we finally gave in to the whining this year and added "boys" to the roster - a bit of a handicap, but they're helpful for shovelling off the snow between games. Most of our dazzling moves and moments of brilliance will be in our minds versus on the ice, but that's what keeps us going. Looking forward to being a part of this community event!

Puck Junkies

The Puck Junkies: 2024

As the years fly by, it is almost hard to believe that we will be participating in the 15th Annual Kimmett Cup. Our young players, suddenly aren't quite so young...and our older players are, well, OLD!

However, nothing gets the heart and soul, and creaky joints going, like old-fashioned shinny hockey on the pond, and the Monumental event that is the Kimmett Cup, is pond hockey at its finest. The Puck Junkies were a perennial powerhouse, in the early years of the tourney, and to this day, love the competition and camaraderie, not only amongst our teammates, but fellow competitors as well. It is the only time of the year we all come together; to laugh, celebrate, cajole, and commiserate.

The team and players change slightly from year to year, but the spirit of the event ensures nothing really ever changes; as we all look forward to the games on the ice, the fun of the tournament dinner and party, perhaps a trip to the hotel, and a dip in the hot tub late at night. Shottie Sticks, frozen toes, pucks to the shins, Bob's teeth, brittle ice, small nets, watching weather move in, and hopefully playing under the lights at night...these are the memories.

These memories grow in stature, and the event continues to build on the legacy and Memory of Lindsay, for it is her Legacy that we are so proud and honoured to be a part of.

The Jock and Jills

In the upcoming Kimmett Cup, roll out the icy welcome mat for the "Jock and Jills" from the scenic town of Bragg Creek, a hockey squad as unique as a snowflake. Picture this: six determined women, one brave man, and the quartet of Nano Pucksters.

Meet Captain Leslie, on a quest to achieve an unusual feat - avoiding scoring on her own net, turning each game into a suspenseful rollercoaster of a match.

Tess, our former figure skater extraordinaire, plans to pirouette over ice cracks, adding a touch of finesse that might just bewilder opponents.

Shay, Kelsey, and Mo, our unsuspecting trio, bring skills that they believe will conquer the entire fun division. Bless their puck-shaped hearts.

Kirsty is on a mission to master the art of skating with unstoppable enthusiasm (seriously, she doesn't know how to stop yet - watch out).

Now, our Nano Pucksters; Simon, Elle, Barrett, and Claire. They might possess the most skill on the team, granted their parents can perfect the timing of the hot chocolate sugar high.

With Coach Rick at the helm, the Jock and Jills promise a blend of skill, humor, and hometown flair that's bound to turn the icy rink into a winter wonderland of laughter and unpredictability.
